PROFESSIONAL EXPERIENCE

Software Engineer II | Equitable Computer Services Inc.

October 2024 – Present

- Develop and maintain healthcare applications using PHP, JavaScript, AJAX, and MySQL
- Enhance core modules of the Emedcore+ system, improving performance and reliability
- Write optimized SQL queries for reporting, data migration, and troubleshooting
- Perform QA testing, system validation, and documentation for Maxicare solutions
- Resolve production issues through log analysis, debugging, and root-cause investigation
- Collaborate with DevOps teams during vulnerability assessments (VAPT) and deployments
- Conduct software demonstrations and provide technical support and training to clients
- Manage source code using Git and follow version control best practices

Software Developer Intern | Zkript Solution OPC

June 2023 – August 2023

- Built responsive web interfaces using React.js and Tailwind CSS
- Translated Figma designs into reusable, functional components
- Used Git for version control and collaborated effectively with development teams
- Tracked tasks and maintained technical documentation using Linear

Freelance Graphic Designer | Self-Employed

June 2022 – February 2023

- Designed marketing materials and brand assets using Adobe Creative Suite and Canva
- Worked with international clients (FLOG Fitness, World Coffee Alliance) on branding and digital campaign visuals

Graphic Designer | Select Training & Management Consultancy LLC

August 2020 - December 2020

- Created animated advertisements and promotional videos using Vyond, Adobe Photoshop and Canva to increase brand visibility and audience engagement.
- Transformed product scripts into compelling visual content aligned with marketing objectives and brand messaging.
- Collaborated with cross-functional teams to deliver high-quality animations and marketing materials that met client requirements and project deadlines.

- Supervised and mentored student employees, conducting interviews to understand career goals and support professional development.
- Coordinated daily tasks and schedules for a team of student employees, ensuring responsibilities were completed efficiently and on time.
- Strengthened leadership, communication, and team management skills through hands-on supervision in a multicultural work environment.

Special Program for Employment of Students

April 2018 & May 2019

- Conducted census activities, collecting and verifying population data across multiple barangays.
- Assisted in maintaining land ownership and tax records using internal government systems.
- Organized and processed official barangay documents for endorsement and approval.
- Supported daily operations across various LGU departments, gaining experience in public administration.
- Completed leadership training focused on teamwork, communication, and government operations.

KEY PROJECTS

AN ASSISTIVE BI-DIRECTIONAL REAL TIME SIGN LANGUAGE MOBILE APPLICATION USING MEDIAPIPE, CONVOLUTIONAL NEURAL NETWORK, AND GENERATIVE ADVERSARIAL NETWORK (CAPSTONE PROJECT I)

- Tech Stack: Java, MySQL, MediaPipe, CNN, GAN, Python
- Built an AI-powered mobile app for real-time sign-language-to-text translation
 - Integrated MediaPipe for accurate hand tracking and gesture recognition
 - Trained CNN models to classify sign gestures with high accuracy
 - Added GAN-generated animations to help users learn new signs

LETRAN CALAMBA PAYMENT SYSTEM PROJECT

- Tech Stack: PHP, MySQL, HTML, CSS
- Developed a secure web system to manage tuition payments and financial records
 - Implemented user authentication, role-based access, and payment tracking
 - Designed a responsive interface accessible across desktop and mobile devices

PET ADOPTION SYSTEM

- Tech Stack: PHP, MySQL, HTML, CSS
- Created a platform connecting animal shelters with potential adopters
 - Built user registration, adoption request workflows, and pet listing features
 - Collaborated with local stakeholders to align the system with community needs

EDUCATION

Bachelor of Science in Information Technology

Graduated: July 2024

Colegio de San Juan de Letran Calamba
